## TESTIMONIAL

"The tutoring for Ignite taught my daughter useful strategies for answering the abstract reasoning component in the ACER® test and also taught her how to frame and compose narratives for the writing component. In addition, completing practice tests during the tutoring was very useful to familiarise my daughter with the structure and layout of the test - so that she felt confident going into the ACER® test itself. I am sure that participating in the tutoring significantly improved my daughter's result in the ACER® test."

### TESTIMONIAL

"I liked the personal attention and guidance, weekly homework tasks and monthly tests provided by Tutors SA. I believe that the personal attention given to each student with the carefully designed course and model papers covering the critical areas being tested in IGNITE were most helpful for my child to succeed in this exam. The challenging questions were pushing her to explore more possibilities and to improve her critical thinking. The structured homework material given was helpful in improving her organisation and time management skills and it kept her motivated and engaged. The monthly tests and parent meetings were also helpful to evaluate which level my child was at and the areas she had to improve. We are so grateful to Don for guiding us to select this course and to both Don and Kathy for their dedicated mentoring key to the success of my child."

My daughter did the ignite program with Tutors SA and was accepted into Glenunga HS. The teachers at Tutors SA were great, and went a long way to not only teach but inspire my daughter. I'd have no hesitation in recommending Tutors SA to anyone.

Fantastic Tutor School with first class course content. The ACER/Ignite program is incredibly challenging and really pushes the children to develop themselves. We love the program and the whole school is extremely caring and passionate about what they do. It's a special thing when your child learns to be inspired by new concepts and develops a love for learning itself. This is priceless. Great job Tutors SA.
