HYBRID LEARNING FACE TO FACE & ONLINE TUITION

Curriculum Information

PRIMARY SCHOOL (R-Y6)

Mapped to the Australian curriculum, our **Hybrid Tuition** model supports face-to-face and online tutoring programs cover all academic levels, from **Maths** and **English** to **ACER®**, **Ignite & STEM** programs. In addition to the core curriculum, we are also focused on preparing our students for **NAPLAN** for school years 3, 5 as well as other assessments like **ICAS** during the first and half terms of a given year.

MIDDLE SCHOOL (Y7- Y10)

We cover all academic levels for **Maths**, **English** and **General science**. In addition to the core curriculum, we are also focused on preparing our students for **NAPLAN** for school years 7 and 9, as well as other assessments like **ICAS** during the first and half terms of a given year.

ACER®, IGNITE & STEM SCHOLARSHIP

Tutors SA offers highly successful and most sought-after scholarship preparation courses in Adelaide for **ACER® Scholarship Test**, **Ignite Entry Exam & Accelerated STEM Pathways Entry Exam**. Our highly qualified and experienced scholarship tutors in Adelaide teach, mentor and guide students to be exam ready.

HIGHSCHOOL (Y11- Y12)

We follow the **SACE Stage 1 and 2** curriculums for year 11 and 12 in small group sessions respectively for all **Maths**, **Chemistry**, **Biology**, **Physics**, and Individual tuition for **specialty subjects**. We provide regular weekly homework and hold timely revision sessions, which helps our students to reinforce what they have learnt in the class. This helps them improve their knowledge and understanding of the subject to perform exceptionally well in exams.

INTERNATIONAL BACCALAUREATE (IB)

We provide individual tuition for the IB curriculum from Reception to Year 12 and guide students through a comprehensive understanding of the format and expectations of the IB, developing exam confidence and high-performance exam strategies.

SPECIAL EXTENSION & SACE HEADSTART COURSES

Tailored for **high achieving Years 6 to 10** students who would like to challenge and grow their potential through accelerated learning. Inspired by like-minded, bright students with a strong work ethic, the students can reach their own potential in **Maths**, **English** and **General Science** subjects (Years 6 - 9) and SACE Stage 1 (Year 10) at their own pace.

TESTIMONIAL

"We are very appreciating to all support and assistance received from Tutors SA. Sophie started participating tutoring sessions in Tutors SA when she was in Year-3. In the last 3 years, from regular English to ACER preparation courses then to Year-7 Science/English/Math, from East Torrens school location to current Campbelltown centre, we have seen Sophie growing together with Tutors SA.

We feel so proud and lucky that Sophie met Tutors SA at the beginning of her learning adventure. Thanks a lot for not just teaching Sophie academic knowledge, but also inspiring her passions to discover this wonderful world. We understood receiving scholarship is just a milestone, but learning is a life-long journey. Certainly, there are more challenges awaiting Sophie.

We look forward to keep this relationship and work together with Tutors SA, to help this young girl for a bright future."

- Ken Liu, enrolled 2019 - current."

My daughter did the ignite program with Tutors SA and was accepted into Glenunga HS. The teachers at Tutors SA were great, and went a long way to not only teach but inspire my daughter. I'd have no hesitation in recommending Tutors SA to anyone.

Fantastic Tutor School with first class course content. The ACER/Ignite program is incredibly challenging and really pushes the children to develop themselves. We love the program and the whole school is extremely caring and passionate about what they do. It's a special thing when your child learns to be inspired by new concepts and develops a love for learning itself. This is priceless. Great job Tutors SA.

Your commitment

Tutors SA would like to emphasise the importance of regular class attendance. While most students are consistent with their attendance, in the past we have experienced some irregular class attendance with some of the students throughout the year. Irregular class attendance directly impacts on students' performance, and the ability to grasp concepts taught in subsequent lessons.

At Tutors SA, in most situations there are multiple groups per year level for a given subject at different times of the week. This facilitates up to a maximum of 2 replacement classes/sessions per term should the student be unavailable to attend their regular session.

However, we appreciate if parents can monitor their child's attendance more closely and actively work on sending them to all the scheduled classes. We believe tutors, students, as well as parents should work together to ensure the best outcome is achieved for the students.
